CONSTRUCTION OF FIRST UNIT OF NEW FACTORY TO BEGIN IMMEDIATELY

JOHN P. CULLEN SECURES CONTRACT FOR THE FIRST BUILDING OF THE GENERAL MOTORS COMPANY PLANT

NO FURTHER DELAY

Initial Building Will Cost In Neighborhood of Two Hundred and Fifty Thousand Dollars—Contracts Approved

Creston, Mich., Aug. 16, 1918, To J. P. Cullen, Janesville, Wis.—Contract approved by General Motors. Start work at once. (Signed) F. D. Chase.

This dispatch tells the whole story. John P. Cullen has secured the contract for the first unit of the new plant owned by the General Motors Corporation, to be known as the "Janesville Machine Company". Not only that, but work begins immediately. It is gratifying to note that the contractor who will build the new plant is a Janesville contractor, J. P. Cullen, and that Janesville men will be employed on this work that bids fair to increase the population of Janesville to double its present size, when the entire plant is in operation. Mr. Cullen stated this afternoon that he would commence work at once. He will have a hundred men at work, carpenters and laborers to start with, and this number will be increased to over five hundred within a few weeks. The first unit will be composed of a building two hundred by five hundred feet, with an ell two hundred and fifty by one hundred and fifty feet. The first unit will be built facing east on Viney street and south of the Chicago, Milwaukee and St. Paul tracks, in charge of the entire work is the one who signed the official dispatch received this afternoon by Mr. Cullen, authorizing him to start work at once.

HOG ISLAND SHIPYARDS GETS NAME FROM INDIANS

[BY INTERNATIONAL NEWS] Philadelphia, Pa., Aug. 16.—Letters are received daily from all parts of the country by officials of the Emergency Fleet corporation asking how the world-famous shipyard, Hog Island, received its name. From S. Davis, president of the colonial society, it was learned that 237 years ago the island was inhabited by Indian tribes and was called Quisconick. The first white owner of the land was said to have been Guy E. Cook, who bought it from the Indians in 1681. The name Quisconick, it is said, is a shortening of a word in the language of the Delaware Indians, meaning "place for hogs". There is evidence to show that the island was used as a hog pasture by a colony of Swedes that lived in that section and perhaps before them by the Indians themselves.

LEOPOLD IS RELEASED FROM GUARDIANSHIP

Amsterdam, Aug. 16.—The guardianship under which Prince Frederick Leopold of Prussia was placed last June has been rescinded, according to the Zeitung Mittag of Berlin. Prince Frederick Leopold, son of Prussia, first cousin of the Emperor of Germany, last August he was placed under the guardianship of Count von Helldorf, minister of the royal house, and was charged with extravagance. This action brought about a controversy in court circles which was ended in July when Emperor William approved the action of the court.

PLUMBER RECRUIT FINDS HEART ON WRONG SIDE

[BY INTERNATIONAL NEWS] Philadelphia, Aug. 16.—The credit for being the first man from the city to be rejected from the national army because "his heart is on the wrong side" goes to George W. Nicholson, 21 years, a plumber from the southern section of the city. When he appeared for physical examination the other day the physician in charge could not find his heart in the accustomed place. After a further search it was found on the right side of the body about seven inches from where it should have been. Nicholson was granted exemption.

ANOTHER CALL ISSUED FOR SELECTED SOLDIERS

Washington, Aug. 15.—Provoct Marshall Crowder called today these states to furnish a total of 12,000 white draft registrants qualified for military service for entrainment August 30 and 31. The quota of the various states includes 400 from Wisconsin.

JAPS RIOT OVER HIGH COST OF RICE

[BY ASSOCIATED PRESS.] Tokyo, Aug. 16.—Ten policemen have been wounded severely and many rioters injured in riots at Nakoya, over the high cost of rice. 50 persons have been arrested at Nakoya and 300 men and women at Osaka. Industrial disturbances continued elsewhere. The police have succeeded in prohibiting meetings in Tokyo. The price of rice has doubled twice in the last year due largely to a corner in the market.

Governor Philipp Will Give An Address At Ladysmith Tonight

Ladysmith, Aug. 16.—Governor Emanuel L. Philipp arrived here today and will speak here Friday night. The governor addressed a large crowd at Barron on Thursday evening and was given careful attention during his address. His remarks were especially well received and seemed to strike a responsive chord in the audience. In talking of the co-operative marketing question, Governor Philipp said that it was but a revival of the grange movement. He declared that the history of grange stores had shown them to be failures. He also said that if the plan were carried out as proposed by his opponents it would mean the closing of country stores and warehouses. In talking on the subject of what the state was doing to aid the farmers on the marketing question, the governor said:

"The state has given its services in the aid of marketing and last winter when the farmers had a surplus of potatoes the Department of Agriculture put its agents in the field to place producers in touch with people who wanted to buy and also with municipalities. The city of Milwaukee purchased potatoes direct to the consumer. It was found that the cost of distribution without any charge for clerk hire was 38 cents a bushel, and the project was finally abandoned because it was found that it was a benefit to neither the producer or the consumer. Co-operative buying and selling has been successful only when carried on in a small way. It is well known that the State Department of Agriculture gives its services to find purchasers for produce and has also purchased seed and grain for farmers when such purchases were of value to them. Agents of the Department of Agriculture are now in the West buying shipments of hay which will be brought to the state to meet the partial shortage in that crop here."

The governor devoted a great portion of his address at Barron to stating what had been accomplished by the state of Wisconsin in meeting the war emergency and repeated what he had said elsewhere on this subject.

LOVED HIS FAT WIFE BUT AFFECTION DIED

[BY INTERNATIONAL NEWS] Bellingham, Wash., Aug. 16.—Hiram J. Showerman was fat. In fact, according to a letter written by her husband to C. Hiram Showerman of Walla Walla, her stoutness was her chief charm and it was because of this that Hiram married her. But, according to C. Hiram's letter, after he wedded his wife she constantly "rallied against the way God Almighty had formed her" and finally killed his affection.

This letter was the last straw, says Mrs. Showerman in her complaint for a divorce. She was granted a decree of \$10 a month alimony.

Forty Dutch Ships Will Begin Carrying Sugar From E. Indies To U. S.

[BY ASSOCIATED PRESS.] Washington, Aug. 16.—Forty Dutch ships totaling approximately 100,000 tons are expected to be released to bring sugar, tin, quinine, and other commodities to the U. S. as the result of an informal trade board meeting through a representative of the Dutch legation. Tonnage placed at the disposal of the American government through the agreement will be sufficient it was estimated today to import 50,000 to 100,000 tons of sugar and also much needed quantities of tin and quinine.

Construct Railroad Over 130 Miles Long Back Of French Lines At Front

[BY ASSOCIATED PRESS.] Paris, Aug. 16.—A railroad more than 130 miles in length behind the French front has been built in less than 100 days and yesterday was opened for traffic. Its purpose is to improve the communication between the northern and southern parts of the northern railway system. The construction involved the building of two important bridges and a tunnel 375 yards in length.

AMERICAN AVIATORS WIN SEVERAL COMBATS

With the American Army in France Aug. 16.—During the aerial fighting on Wednesday which was the busiest day the American aviators have experienced in some time an American airplane attacked a German balloon. His gun jammed when he tried to fire a 50 of the other kind. The German balloon then jumped with his parachute. An enemy airplane attacked an American balloon but was driven off by fire from the ground without forcing the balloonist to jump. Confirmation has been received of the victory of Lieutenant Edgar C. Tobin of San Antonio, Texas in an air combat on August 10.

REQUEST AN EARLY REGISTRATION OF YOUTHS

Madison, Wis., Aug. 16.—Governor E. L. Philipp in an interview today asked the co-operation of all citizens to secure an early registration on August 24, 1918 of the men who have attained the age of twenty-one. "All registrants who attained the age of twenty-one years since June fifth last, are urged to register early," said Governor Philipp in an interview today. "Mothers and fathers are urged to co-operate with the local boards to effect an early registration of the men required to register on Saturday next. It is also urged that manufacturers and other employers will see that employees of the designated age are registered early in the day."

"This co-operation is desired because by it the state will be able again to demonstrate to the federal authorities that we are united in support of a feverish war activity and that we can do things in the very best manner. We were first in the two preceding registrations and we will be first in the coming registration if this co-operation is effected."

FRENCH PLANE FALLS ON TRAMCAR; 4 KILLED

Marseilles, France, Havas Agency, Aug. 16.—An airplane returning from a flight, because of engine trouble, today, fell upon a tram car, which was preparing to leave the station. Four persons in the car were killed and several others injured. The two aviators in the machine were severely burned.

CZECHO-SLAV FORCES IN SIBERIA IN PRESSING NEED OF ARMS—ALLIES CONSIDERING AID.

DECLARE SIBERIA FREE

People of Western Siberia Proclaim Independence On July Fourth In Honor of United States.

[BY ASSOCIATED PRESS.] Washington, Aug. 16.—The pressing need for arms and ammunition by the people of Western Siberia who have arrayed themselves against the forces of German and Austrian prisoners and the German Bolsheviks is being considered in the allied capitals, according to information available today. The answer of the allied nations to this appeal has not been disclosed. The people of Western Siberia with the aid of the Czechoslovak forces proclaimed their independence on July 4 in honor of the national anniversary of the United States. They are reported to have thousands of well trained and loyal troops who are waiting only for equipment to begin active resistance against the Germans.

Situation Serious. Valdivostok, Aug. 16.—The situation in western Siberia leaves no room for optimism in the opinion of the vice president of the Russian republic of the Czechoslovak national council. In a statement he said that Bolshevik mobilization of Austro-German prisoners of war had added to the danger. He said that it would be impossible to reach Irkutsk even under the most favorable circumstances in less than a month and perhaps two months would be necessary. In the hilly mountainous country around Irkutsk the movement of troops would be easier, but the position of the Czechoslovak may become precarious if assistance is not given for a heavy series of battles are diminishing owing to sickness.

To Stir Troops. Amsterdam, Aug. 16.—Sixty propagandists belonging to labor organizations supporting the Bolshevik regime have left Moscow for the front where the Bolsheviks are fighting the Czechoslovak, according to Moscow telegrams by way of Berlin. The object of the propagandists is to stimulate the military spirit of the Soviet troops in their campaign.

Welcome English. London, Aug. 16.—The population of the Murmansk region received with joy the British forces that landed there recently according to an allied diplomat who has arrived in London from Petrograd.

No Mails. The Soviet government says Russian wireless messages have issued orders that correspondence to foreign countries must not be accepted for some time to come, except for Ukraine and German localities in German occupation and for war prisoners.

Amsterdam, Aug. 16.—The Don Cossacks have cleared the left bank of the Don of their opponents and are marching victoriously on Zaratyn, from which they are only a few miles distant, says an official statement issued by Don Cossack staff and received here from Kiev.

The newspaper at Kiev report that the Czechoslovak Northern Don region have entered the government at Veronezh.

A dispatch to the Cologne Zeitung from Kiev says the Don and Kuban governments and the leaders in the adjoining region have entered negotiation looking to the establishment of a joint central government.

Bolshevik Claims. London, Aug. 16.—The Bolshevik government in an official statement claims the capture of positions in the Archangel district where there are allied troops and says their adversaries have abandoned the fighting near Onega, according to a Reuters dispatch from Moscow.

A series of successes which apparently are of minor importance also are being reported in the operation against the Czechoslovaks.

Ambassador Leaves. Amsterdam, Aug. 16.—Adolph Joffe, the Russian ambassador to Berlin, has left Moscow and was expected to arrive in Berlin Thursday, according to the Vossische Zeitung of Berlin.

TWO FOND DU LAC BANKS CONSOLIDATED TODAY

Returned to Waupaca. Waupaca, Aug. 16.—Paul Nyhus, food emergency agent for Waupaca county, who answered to the call of the draft two weeks ago and went to Camp Grant, has been assigned by the war department back to the county so that he can assist the farmers in the harvesting of their crops. The action was taken in response to the urgent request of the County Council. Defiance for a heavy series of battles are diminishing owing to sickness.

Annual Session. Waupaca.—The sixty-third annual session of the Wisconsin Grand Lodge of Good Templars was held Wednesday at Camp Cleghorn, Grand Chief Temar Weber of Fond du Lac presiding in the chair. The reports showed some decrease in number of lodges and membership. There are now 37 live lodges in the state, as against 39 a year ago. The membership is now 508. Last year it was 578.

All of the Grand Lodge officers were re-elected, and continued in office without installation. The report of the committee on legislation, which adopted favored war time prohibition and ratification of the national prohibition amendment.

Shot by Officer Pulaski. Manitowish.—Stanley Bresinsky of Manitowish county, wanted for violation of his sentence on a charge of non-support, was shot and killed by a deputy sheriff at Pulaski near the Brown-Shawano county line late yesterday while resisting arrest. A brother of Bresinsky, who took part in assaulting the deputy, has been lodged in the jail at Green Bay.

Sentence of eight months, at hard labor for a charge of non-support also last April. He fled from here last week.

Austrian Emperor and Kaiser In Conference At German Headquarters

[BY ASSOCIATED PRESS.] Amsterdam, Aug. 16.—Emperor Charles of Austria is at German main headquarters according to a telegram to the Lokal Anzeiger of Berlin from its war correspondent. Emperor William and his advisers have been holding an important conference at headquarters the correspondent reports, and these deliberations on political and military questions are reaching their highest point with the coming of the Austrian emperor and his advisory staff.

Germany Admits That Her Man Power Is Causing Great Anxiety

[BY ASSOCIATED PRESS.] With British Army in France, Aug. 16.—Germany has acknowledged her man power situation so accurately now is dividing in proportion great enough apparently to cause considerable anxiety to the high command. The toll taken particularly in recent fighting by the allied armies and the prospect of being confronted by ever growing American forces, has caused General Ludendorff to issue some imperative orders for the mobilization of the German army in order to recover from auxiliary units all men capable of entering the trenches.

TATTOOED MAN NOW A SAILOR

[BY ASSOCIATED PRESS.] Great Lakes, Ill., Aug. 16.—Edward Spousta, known in circus life as the human living picture, has reported for duty as a sailor today at the Great Lakes Naval Training station. The "Liberty Tattooed Man" says the Great Lakes Bulletin, is believed to have more tattoo marks on his body than any other man in the world. Spousta has 365 designs on his body ranging from a foot square to about an inch square.

His name from the fact that most of his designs are of a patriotic nature. A huge reproduction of the "Spirit of 76" is tattooed across his chest. The Statue of Liberty with the sun rising back of it, making a "sunburst," adorns the greater part of his back. The Star Spangled Banner is reproduced on his right arm. Cannon and gun fire shells and bullets cover various parts of his body.

When Great Britain became one of the allies in the war against Germany, Spousta had two British lions, one on each of his shoulders, tattooed. He declares that these tattoos placed by himself and other artists on his back were put on as a mark of patriotism. These marks also persuaded him to enlist in the navy.

"If I am the 'Liberty Tattooed Man' in name, I want to be really," Spousta told Ensign W. J. Denny, in charge of the local recruiting office. But in addition to patriotic designs, Spousta is tattooed with grape vines, snakes, flowers, girls' heads, birds and trees.

The big ambition of Spousta's life is to have a picture of each of the presidents of the United States tattooed on his back. He has already had the Statue of Liberty, the reproduction of George Washington being on the left shoulder, that of John Adams on the right.

Spousta, who is 34 years old and a resident of Chicago, has been displayed by some of the leading circuses throughout the country as a "tattooed man." He said he would be willing to go on a tour in behalf of the next Liberty loan drive.

WILL BE GIVEN A FEDERAL EDUCATION

[BY ASSOCIATED PRESS.] Chicago, Aug. 16.—American women have indorsed a plan for a short course of federal education and training for the military and naval service of American young men and young women before they become voters, according to members of a committee representing fifty national organizations. The committee has completed a canvass of opinion of women in various lines.

The movement was begun here early this year, and at the biennial convention of the General Federation of Women's Clubs last May a resolution was adopted urging federal training for both women and men.

The resolution was the expression of opinion of more than 2,000,000 women, organized in 10,000 clubs in America. "Beneficial results of training in the contentments demonstrate that the women of this country are ready to take on a broader educational plan, when young people of all nationalities, from all parts of the country, and all classes widen their horizon through intensive training."

In addition to making strong, alert, clean cut, thinking Americans, the training would create a sense of individual responsibility, strengthen character and promote a higher regard for each other, for their country, for the welfare of society.

"Preparations for the training cannot wait until after the war, as the responsibility for wise government will move from the hands of the men to those of the women during the reconstruction period, and they should be the wholesome, red blooded, energetic, and co-operation into every neighborhood in the land. There is a deep conviction that the benefits of the proposed training will be felt by the whole nation, and constant inspiration to our national life and mean much to posterity."

HUN LOSSES PLACED AT SIX MILLION MEN

Paris, Aug. 16.—The total of German losses from the beginning of the war to the end of July 1918, are understood to be six million, according to the morning paper. The figures included 1,400,000 killed up to the beginning of the German offensive last March. From March 27 to June 17, the German losses were 1,000,000, and the German army is said to have lost 137,000 killed alone.

OFFENSIVE IS CRUSHED

Only Sixteen Fresh Enemy Divisions in Reserve On Entire Western Front—Thirty-Five Needed For Offensive.

[BY ASSOCIATED PRESS.] London, Aug. 16.—The withdrawal on the Western front by the Germans in the last few days ful whether he will be able to re-enemy intend to abandon the offensive. It is said to be doubtful whether he will be able to resume the offensive, since thirty-five divisions now are necessary between the Oise and Aisne, of which fifteen are from the reserves.

There are now only sixteen fresh enemy divisions in reserve on the entire Western front and only eleven of these belong to the army group of Crown Prince Rupprecht of Prussia.

Military observers say there is every indication the Germans intend to stand on their present line.

English Advance. South of Albert the British have advanced their line slightly in the region northeast of Arras, says the official statement today from Field Marshal Haig. On the eastern bank of the Aisne local fighting took place last night on the outskirts of Trepval wood west of Trepval.

French Advance. Paris, Aug. 16.—The French troops have made an important advance on a front of two and one-half miles west of Roye, according to the official statement today from the French high command. The French progress was in the region of Villers-le-Roy, about two and one-half miles west of Roye St. Urban and Arras. In Champagne the French took prisoners and also checked a German raid.

Enemy Withdrawals. London, Aug. 16.—Further slight enemy withdrawals from the Lys sector were announced in London today. The enemy had evacuated the village of Vieux-Berquin south of Merris and has retired between one and two miles on a front of nine miles.

RENEW PRESSURE.—Allied pressure has been effectively renewed against the German line in the region of Roye and the Picardy battle front. The enemy is clinging determinedly to this town as a bulwark of the position he took up after being driven back from the Amiens region. Both the French and British are pushing closer and are making his prolonged tenacity on the place doubtful.

EIGHTEEN REPORTED KILLED IN ACTION

[BY ASSOCIATED PRESS.] Washington, Aug. 16.—The first section of the army casualty list today shows: killed in action 18, severely wounded 10, total 28.

The list includes killed in action, Sergeant Peter D. Johnson, 114 Bay Street, Oshkosh, Wis.; Privates, Michael Koeber, 1414 10th St., Milwaukee; Walter Koeber, 1414 10th St., Milwaukee; Paul Koeber, 1414 10th St., Milwaukee; and Private Howard J. Bruse, Pound, Wis.

PROVIDING FARMS FOR RETURNED MEN

Minneapolis, Minn., Aug. 16.—The question of providing farms for returned soldiers and sailors will be taken up here soon at a meeting of delegates from various parts of the state who will discuss proposed legislation for making available thousands of acres of Minnesota land available for the project.

The Red River Valley Development has gone on record in favor of the state distributing 50,000 acres in terms similar to those which now govern the sale of state school lands. Payments on school lands are spread over a thirty year period and carry a 4 per cent interest.

Congressman Halvor Steenerson has been quoted as saying he would indorse the plan if it was brought before congress.

It has been pointed out that a great many Minnesota warriors are, or have been, tillers of the soil. Thousands are expected to return to sweethearts after the war and settle down on farms. Judging from letters from the front, not a few of the men may bring back wives from France. State officials say hundreds of thousands of acres in fertile lake districts can be cultivated.

TOYS AND LIFE

You can learn a lot from boys. By the way they use their toys. Some are selfish in their care; never very glad to share. Playthings with another boy. Seem to want to have their joy. And then they hide away the drum for the days that never come. Hide the train of cars and skates. Keeping them from all their mates. And then all their boyhood through. With their toys as good as now.

Others gladly give and lend. Headless that the tin may bend. Caring not that drum heads break. Minding not that playmates take. To themselves the joy that lies in the little birthday prize. And in homes that house such boys. Always there are broken toys. Symbolizing moments glad. That the youthful lives have had. There, you'll never find a shelf Dedicated unto self.

Toys are made for children's fun. Very frail and quickly done. And who knows them long to view. Bright of paint and good as new. Robs himself and other boys. Of their swiftly passing joys. So he looked upon a toy. What our soldier was a boy. And somehow today we're glad. That the tokens of our lad. And the trinkets that we keep. Are a broken, battered heap.

Life itself is but a toy. Piled with duty and with joy. Not too closely should we guard. Our brief time from being scarred. Never high on dusty shelves. Should we hoard it for ourselves. It is something we should share. In another's hour of care. Sometime we should gladly give. That another here may live. We should never live it through. Keeping it as good as now.

BOARD PREPARES FOR
NEXT REGISTRATION

BLANKS ARE READY FOR A
THIRD REGISTRATION OF 21-
YEAR-OLD YOUTHS, SAT-
URDAY, AUGUST
24TH.

FIFTY REGISTRANTS

Predict That Half Hundred Men Will
Sign Honor Roll On That Day—
Is Third Registration Since
Beginning of War.

Orders to prepare for the registration on Saturday, August 24th of all men who have attained the age of 21 years between June 5, 1918, and August 24, 1918, were received today by the local board from Governor Phillips. The supplies necessary to carry on this registration are already in the hands of the local board.

Although no accurate estimate of new registrants is possible, it is predicted that the number will be around fifty. On June 5th last when registration was conducted, 210 men registered in this district. These men all attained the age of 21 since the first registration, one year previous. From this it may be seen that with only three months separating the second and third registration days the number of men will accordingly be much smaller.

"This is to the third registration of men under the Selective Service law," said Major E. A. Fitzpatrick today. "The reports of the first and second registrations from the State of Wisconsin were the first received by the Provost Marshal General at Washington. It is confidently expected that the local boards of the state will continue to devote the energy to the work that they have up to date and this registration will likewise be first registration of the State of Wisconsin has cost the United States government not a cent, but has been a free patriotic offer to the nation in this time of crisis.

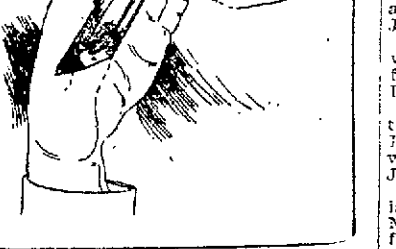

Places of registration in each county will be the office of the local board. These offices will be open at 7 in the morning and all registrants are urged to register early in the day. To do this will be a patriotic service. Persons who are required to register under this registration may make provision for the local board in advance of the day of registration. Persons who are now absent from their homes should be notified by their parents or relatives or friends of the forthcoming registration and to immediately communicate with their local board.

"The registration on August 24th is a registration to provide the men immediately needed in the military preparation of the state for the war. The next general registration will be held in September and will include men up to 45 years of age. The registration which occurs on August 24th includes only the men who have attained the age of 21 since the last registration."

NEW PENCIL SHARPENER.

Has No Revolving Parts To Get Out
Of Killer.

Most, if not all, the pencil-sharpening devices have some revolving knives or other movable parts which

Pencil sharpener puts in the pocket, readily get out of order. The new pencil sharpener shown herewith is devoid of anything of this character. In this implement the pencil end is drawn back and forth between the two walls of the device the interior of which is supplied with roughened surfaces which cut away the wood and lead of the pencil. The shape of this sharpener permits of its being carried in the vest pocket.

All Convicted.
La. Crosse—Every case tried at the present term of federal court for violation of the espionage act in the western district of Wisconsin has resulted in conviction. Albert C. Wolfe, district attorney, announced Wednesday while visiting at his home here. He reported twenty-five convictions, including Judge Becker of Monroe, former assistant secretary of state, Nagler and other well-known citizens of the state.

Letter Received by Chamber of Commerce From War Industry Board.

Tolls of Crediting City 100 Per Cent. Efficient.

In a letter received by the Chamber of Commerce yesterday from H. K. Taylor, Conservation Division, War Industry board, Washington, the organization was informed that Janesville, because of its co-operation in the one delivery a day plan, will be credited 100 per cent. efficient by the government in this very important phase of conservation.

The one delivery a day plan will become effective next Monday and because of the generous attitude of the people of Janesville toward it, it is expected to be very successful from the start and cause little or no confusion. All one has to do is to learn in which zone they reside and order their merchandise accordingly.

FACE TO FACE.

Once upon a time there was an advertisement in Chicago that talked to his customers and asked them to meet him "face to face." Nothing ever showed in his advertisements but the back of his head. There are a lot of politicians going around the country these days who might profit by the advertising slogan, "Meet me face to face."

It is easy enough to malign the character of any man, but as Governor Phillips recently stated, "I have been stung by humble bees so many times I do not worry about my bites these days."

There is a big stay at home vote in Wisconsin every primary and the reason for it is that the average citizen is tired of the political wrangle and maligning and would prefer to stay away from the polls rather than to take part in it.

Face to face is a different proposition from standing up on a platform and denouncing a candidate from a distance amid the cheers of the hired "claque" or disgruntled politicians. It is easy enough to say a man is pro German these days but the next thing is to prove it and thus far no one has brought sufficient proof to convict Philipp of being pro anything but pro American.

These are war days and we do not like this continual bickering. It is a period when actions speak louder than words and not when a man will plan for months ahead how to gain public favor and gain the coveted nomination. Our Wisconsin boys are fighting over in France these hot August days and making history while here at home we find men who are afraid to meet their opponents "face to face" but always ready to "go over the top" when no enemy is in sight.

Round up of sneakers and spies continue throughout the country. Recently in this class of undesirable citizens passed through the city en route for an internment camp. There were a dozen clean cut youths, draft evaders, a half dozen of what might be termed prosperous looking farmers or clerks and the rest were foreigners. The work they go on quietly and many a man disappears and is taken in the federal net not to reappear until after the war ends.

Anticipating a pressing need for homes for the hundreds of workers who will be called into the city by the General Motors Corporation when they start construction work, the Chamber of Commerce is making an appeal for the list of places where these workmen can be accommodated. This is the first step in doubling the population of the city that will come within a few years.

One glimpse at the stock exhibits at the fair will clearly demonstrate that Rock county is doing its share as a producing community. Each year these exhibits are better than the year previous and fine bred stock is a necessity this day and age when every energy must be exerted to bring forth the best results.

In order that none of the young men who become twenty-one since the last registration and appear for military service the government has called for a second registration of this class. Next will come the registration of the bill passes congress.

Candidates for office are busy these days buttonholing possible voters in anticipation of the results on September 17. That will be the fateful day for many an aspiring citizen whose only desire is to serve the tickle public.

Janesville has entertained many visitors here this week brought by the Big Janesville Fair and they have apparently been satisfied by their treatment and many favorable comments have been heard as to the hospitality of the city. This is the kind of civic advertising that pays.

So the Fire and Police commission have decided that the complaint filed by the common council against the chief of police was not of sufficient weight to permit of his instant dismissal was suggested. As the court of last resort the commission has given its verdict.

The days of the Eighty-sixth Division at Camp Grant are apparently numbered as the preliminary ten day quarantine goes into effect on Saturday night next. This means their removal to some other point as the final step toward the final shipment to France.

A note of a good bit of hickory well applied would clear the bridges and their approaches of "undesirables." The majority of the offenders will be found to be casual visitors to the city who do not know the regulations, but can quickly learn them.

Perhaps if the policemen would give it their attention they could find an ordinance relative to the height of awnings over a sidewalk and discover many violations throughout the city.

The farm gardens are just coming into their own with the late vegetables and the satisfaction of having helped feed the world by caring for the home, means bigger and better gardens again next year.

Decrease in Dogs.
La Crosse.—The war is believed to be the cause of a decrease in the number of dogs in this city. There are 123 fewer than there were last year, the total this year being 1,400 for a town of 55,000. The high cost of food is said to be responsible for it.

DESERTER ARRESTED IN EVANSVILLE AND IS TAKEN TO CAMP

Evansville, Aug. 15.—Two young men were picked up in the freight yards at Evansville Thursday by the police officers, and offering the poor excuse that they were waiting to join the "Burr" Bros. show were searched and one of them, who chanced to be William Schropfer of St. Paul had a registration card but could not show a classification card. The other claimed to be Harry Mitchell of South Minneapolis, and also claimed to be but 19 years of age, but the officers believe he is older. Chief of Police Frank Gillman wired the federal authorities at Madison and received instructions to hold them until their records were investigated, and that if there were no funds here the federal authorities at Madison would pay all expenses. Upon investigation Mitchell has been released and Schropfer has been found to be a deserter and will be taken to Camp Grant this morning by Chief Gillman, where he will appear before the Federal board for trial.

ON THE SPUR OF THE MOMENT

ROY K. MOUNTON

MR. WHITTING SEES IT THROUGH

"Ninety-five cents is a lot for a watermelon," said Mr. Whitting mildly.

"I have to pay 94 cents for them," replied the green grower, with some dignity. "They are very scarce. The water crop has failed."

"I can't afford to pay 95 cents for a watermelon,"

"They will be \$1.05 tomorrow. But I have some lovely muskmelons for 47 cents. I pay 46 for them."

"I'll take a turnip," said Mr. Whitting, gulping hard. "That's about my speed."

A LITTLE SLICE OF LIFE.

Our butcher is a pleasant man. Although very, very unfortunate. He is not able to make money—

Has made none since war started. The wholesalers make it all. He drives a Rolls-Royce Sunday.

Has three sons in college. And has summer and winter homes. And they are not the same.

He is a director in three banks. And owns a business block. But he can't make any money.

The wholesalers make it all. On account of force of habit he mentions it to his college.

Time we go into his place. The wholesalers make it all. Yesterday we went in and said:

"A dollar's worth of lamb chops." "Right!" said the butcher. And he sliced off a dollar's worth.

"How much are they?" we asked. "Two dollars and fifteen cents." Replied the butcher, smiling.

My butcher is a pleasant man. But he can't make any money.

Two New York ex-gunsmen—tough guys—were watching a certain kaiser hulum performance the other evening. One of them stood it as long as he could and, grabbing his cap and plucking his companion by the sleeve, he said: "Come on with me around to the stage door. I'm going to lay for that guy and beat him when he comes out."

Notice by a western paper that a man out there has been "arrested for fool-hearding."

It is not at all strange that Foch's nutcracker should fasten itself on the crown prince.

We have our moments of deep de-

pression when we believe that, in spite of all reports to the contrary, a man who is very rich may also be reasonably happy. A fine state of affairs, indeed.

The abolition of all pockets did not come in time to save the crown prince's army.

Adopt Resolution.
Waupaca.—At a mass meeting of Waupaca business and professional men Wednesday afternoon, a resolution was adopted offering to the farmers their help during the harvest, offering to close stores and factories one day in a week and to furnish men from the shops for emergency call during silo filling and potato digging times. Labor conditions in the country are not as bad as generally reported, as farmers have managed to get their crop well along so far without serious hindrance. The county labor committees will name local labor committees in each town, and these local committees will register all city men willing to go on farms for day or two, and be subject to call at any time.

ON For Army Camp. Manitowoc.—When forty Manitowoc county boys left Wednesday to join the colors, there was an unusual fact revealed. It was found that among the number were representatives of three families who have given thirteen boys to the service. One of the boys, Leonard Hansen, is the fifth son of Mr. and Mrs. E. Hansen to join the colors. Herbert Lettenberger is the fourth of his family to be sent to camp within the year, while John Junt, another of the selectmen, also has three brothers serving the country, two of the number being "Over There."

CHAMPION WILL REMAIN IN OFFICE INDEFINITELY

CHIEF OF POLICE WILL CONTINUE AS HEAD OF THE DEPARTMENT UNTIL A MAN CAN BE FOUND TO TAKE HIS POSITION.

CHARGES LACKING

Fire and Police Commission Find That Against Chief of Police Are Insufficient.

Peter D. Champion will remain in office as head of the Janesville Police department until such a time as a man can be found to take his place. This was decided upon at a meeting of the Fire and Police Commission in the Mayor's office at the City Hall yesterday afternoon.

Chief Champion told the board that he was not satisfied with his present salary and that under present conditions he would like to be relieved of his position. He stated that he was getting three dollars a month more than the night captain and for that amount he had to run his office and he did not think the salary was sufficient.

Chief Champion was called before the board to answer charges preferred against him in a resolution passed by the city council last Monday night. However, the commissioners found that the charges were insufficient and that they were not justified.

When the meeting was called by President Arthur C. Ladd, the Chief was sent for and appeared before the meeting in his own behalf. The charges were read to him and to the satisfaction of the commission, he proved that they were not justified.

Mr. Champion told the board that he received \$108 per month or three dollars more than the captain. The commission then turned to the statement and all of them agreed with Mr. Champion that the salary was not sufficient.

In talking of the charges preferred against him, Chief Champion stated that he has always ordered that the people must not sit on the railing of the Milwaukee street bridge and that to the best of his knowledge the order was carried out. He also stated that Sheriff's company had been instructed by Mayor Valentine to remove their ice cream tubs from the sidewalks and that their company claimed they were moving them as rapidly as possible, but that due to a shortage of labor it was hard at times to get them.

In regard to being at the depot the day the 144 Janesville boys left for Camp, Chief Champion stated that he had all of his day force and two night men there and as the regular day screen was on his vacation he deemed it advisable for him to remain in the office.

President Ladd asked the chief if he did not think it would be better if he was on the street more. To this question the chief stated that owing to the great amount of desk work that is required at the present time by the federal government that it was impossible for him to get outside very much during the day.

Commissioner John Kennedy then questioned the chief in regard to why a reward of \$50 reported to have been received by him for recovering a stolen auto was not turned over to the man who had purchased the car. The car was purchased by William Prehlipp.

Chief Champion explained how Mr. Prehlipp had purchased the car and how he had become suspicious of the chief. He took the matter up with Chief O'Hara of Kenosha, who came to Kenosha and identified the car as belonging to a Kenosha resident before leaving with the car. Chief O'Hara left \$35 with the chief to be paid to the person who had recovered the car. Mr. Prehlipp complained to the commission that he was unable to collect the money, but Chief Champion made it plain that he had \$35 and that Mr. Prehlipp could have it any time he called for it.

Francis Grant in an address before the board stated that he thought that most of the charges were insufficient and he moved that a communication be

sent to the city council informing them that Chief Champion would remain as head of the police department until such a time as another man could be secured.

Chief Champion made it clear that he did not wish to continue as chief but he stated that it would do so until his successor could be found to relieve him and that at such time he would return to the ranks as a patrolman.

Martin Bumgarner, Spanish war veteran, formerly of this city, and now at Camp Cody, Mexico, has captured all honors for sharp shooting in his company. He is a member of Headquarters Company of the 133rd Infantry, 24th Division and in three trips to the rifle range has come out first.

He states in a letter received here today that the 24th Division is getting ready to move and will not doubt leave Camp Cody before the 1st of September. He is now called the "Sandstorm Division."

PLEADS NOT GUILTY TO ASSAULT CHARGE

Herman Goede of Edgerton Arraigned in Municipal Court on Charge of Assaulting E. M. Ladd, Also of Edgerton.

Herman Goede of Edgerton was arraigned before Judge Maxwell in the municipal court this morning on a charge of assault. He was charged with assaulting E. M. Ladd, also of Edgerton.

The assault took place at Edgerton on last Monday morning, and Mr. Ladd also claims that he was assaulted by Goede at the fair grounds on the same afternoon. Mr. Goede was arraigned on the first charge and he demanded an examination.

The examination was set for next Wednesday morning at 10 o'clock and his bail set at \$1,500.

TOWN OF CENTER TO FURNISH FOUR BOYS

NEXT DRAFT CONTINGENT WHICH WILL LEAVE AUGUST 26th TO BE MADE UP OF FOUR BOYS FROM ONE TOWN.

GO TO CAMP SHERMAN

Will Leave For Chillicothe, Ohio Monday Afternoon, August 26th At Five Forty-two O'clock. Notices Mailed Today.

Four boys from the town of Center will make up the next draft contingent to leave the city to enter military service. They will leave for Camp Sherman, Chillicothe, Ohio, Monday, August 26th at five forty-two p. m. Entraining at the St. Paul depot late in the afternoon, they will not reach their destination until noon of the following day.

The call for four men, this district's quota, was received several days ago and each one was notified to hold himself in readiness for service. The train schedule was received by the board this morning and notices ordering the boys to report Monday, August 26th, were mailed out immediately by the clerk of the board.

The boys to be taken under this call have all been employed on farms for several years and were previously given temporary exemption for this reason. With class one nearly exhausted it now becomes necessary to take these farmers to fill the calls.

The names of the four boys ordered to report are: Otto Nantz, Paul Bratke, Wm. H. McGuire and Vincent L. Crane, all of the town of Center.

A STEAK THAT'S SUCULENT AND SWEET IS JUST MY IDEA OF A TREAT

Somehow or other that word "succulent" makes a fellow sort of roll his tongue and look at the clock and wonder if eating time is approaching. It makes him think of this butcher shop and roasting pans and married life and things like that.

Our Pure Rich Milk

Is Both Meat and Drink

No other food plays so important a part in the physical well-being of the human race as does milk. From babyhood to old age we need and thrive on plenty of pure, rich milk.

Drink more milk, use it in cooking and baking. Even at double its present price milk would still be the best and cheapest all-around food. No better health-insurance for the family than good milk. A quart a day for children, 3 to 4 glasses a day for adults.

We sell from the herds of Dr. Wayne A. Munn and F. O. Uehling, which is all from tuberculin tested cows.

PROGRAM OF MILK PRODUCERS AT FAIR ENTERTAINS CROWDS

THOUSANDS ENTERTAINED ON ROCK COUNTY MILK PRODUCERS' ASSOCIATION DAY AT THE FAIR

RACES AGAIN SPEEDY

Three Big Events Run Off On Fast Track—Peter Nash Equals Janesville Track Record In Exhibition Mile.

With the program put on by the Rock County Milk Producers' Association as an added attraction, Thursday drew still greater crowds to the fair grounds than attended on Wednesday. It was a day packed with entertainment for young and old, and the crowd seemed confident that the program would drive to the top of the fair.

Parade from all sections of the county took advantage of the Rock County Milk Producers' Association day to attend the fair and see dairy cow demonstrations and hear valuable lectures on the outlook of the dairy business of the future. In the morning at 10 o'clock in the morning by H. G. Van Pelt, of Waterloo, Iowa, who gave a dairy cow demonstration and lecture on the breeding, feeding and development of dairy cattle. W. J. Little, secretary of the Chicago Milk Producers' Association, gave a powerful address before the grandstand, discussing the present situation of the dairy industry and the promising outlook of the industry in this country, after the war is over. Many inspected the large exhibit of farm machinery inside the trucks, including farm tractors, milking machines, barn equipments, and dairy utensils.

Everyone at the fair enjoyed a glass of ice cold milk furnished free by the association. From the tent of the association, near the secretary's office, ten dairymen served glasses of milk all day to the thousands of visitors. The members of the Janesville Milk Producers' Association furnished the milk, and Willard Austin had charge of the booth.

Thursday's program of races met all expectations for a speedy exhibition. The track was fast and there was good competition in every event. The program opened at 2 o'clock, and starting funds for the races were being moved from that time until 6:30.

In an exhibition mile, racing against time, Peter Nash, of America, equaled the Janesville track record of 2:04.1, held by Joe Patchen. The horse was a splendid appearing animal, and the drivers were given a real thrill to see him cover the ground. On the home stretch, Peter Nash fairly skimmed along with neck stretched out and ears laid low. The crowd applauded the horse's efforts heartily.

The first race of the afternoon, the 2:14 trot for a stake of \$1,000, was won in three straight heats by "Tommy Punch," owned by George Spawer of Janesville, pushed the winner hard and took second money easily. The result:

Tommy Punch 1 1 1
Direct Path 2 2 2
Blair 3 3 3
The Rebutal 4 4 4
Time: 2:14.2, 2:14.2, 2:14.2

Resinol surely did relieve that eczema!

Pack up some Resinol Ointment in his "old kit bag." Nothing is too good for him, and he will need it "over there" where exposure, vermin, contagions, and the exigencies of a soldier's life cause all sorts of skin irritation, itching, sore feet and suffering.

Resinol Ointment stops itching almost instantly. It heals little sores before they can become big ones. It soothes skin comfort.

2 Great Wrestling Bouts

Johnny Myers of Chicago, middle-weight champion, and Prof. Kanthe for a finished match. Best two falls out of three.

Young Demetral of Beloit, Wis., and Young Olson of Chicago. A good finished match. Best two falls out of three.

Don't miss these two bouts—tomorrow night at the Myers.

California Patch, Star Kay and Bon Courage also started.

The hardest race of the day was the 2:17 pace, held on the mile track for a purse of \$500. The race was really one between two horses in the entire field of eight entries, John L. Wood Patch, owned by E. H. Bergsma of Minneapolis, Minn., and Wood Patch, owned by E. H. Bergsma of Minneapolis, Minn. Wood Patch, a small gray horse, took the first two heats by narrow margins and the crowd seemed confident that he would win three straight. John L. a bay gelding, had taken third and second places in the opening heats, and in the third heat nosed out Wood Patch at the wire by a head. From then on Wood Patch seemed to tire, and after having the race practically won, saw John L. take the next three heats in succession and draw down first money. The crowd evidently thought Wood Patch's driver was not giving to win, and many yelled at the beginning of the fourth heat for new drivers on both John L. and Wood Patch. Starter J. C. Nichols warned the two drivers to drive to win, or substitution would be made. The result:

John L. 3 2 1 1 1
Wood Patch 1 1 2 3 2
Hollywood Mac 8 7 3 2 -
Time: 2:10.1; 2:10.1; 2:11.1; 2:14.2; 2:15.2

Hal K. Hazel, Oh So, Della M. Dr. Meerschaum, and H. T. C., also started. The third race, the 2:24 trot, run on the half-mile track for a purse of \$500, was also closely contested. This time the battle was between two fast horses, Peter Arland, owned by E. C. Best of Minneapolis, Minn., and Aktell, owned by Theodore Sternemann of Milwaukee. Aktell was substituted as driver for Peter Arland in the fourth heat, and Aktell took the first heat easily, but Peter Arland led the field for the next three straight heats. The result:

Peter Arland 2 1 1 1 1
Aktell 1 2 5 2 2
Lou Randall 3 4 3 4
Azle 4 4 3 4
Time: 2:13.2; 2:15.1; 2:17.2; 2:18.1

The Expression and Alice Moko also started.

PATRIOTIC TALK IS ENJOYED BY MANY

Address Given By Miss Lottie Stearns, Last Evening In The Park To Interested Audience

A forceful address on the many patriotic problems of the time was given by Miss Lottie Stearns of Milwaukee, before a large audience gathered in the Court House Park. It was an impromptu meeting, as Miss Stearns on her way to White-water, where she speaks today, at a couple of meetings, found she had a vacant date and improved the opportunity of speaking before a Janesville audience. She is touring the state in the interest of the War Time Prohibition measure which comes up in Wisconsin next winter in the legislature of the state for consideration.

Miss Stearns is a lecturer of prominence, having been all over the country, speaking on various subjects connected with the betterment of women and children. She feels deeply the stain of disloyalty put upon the state by the obstructive tactics of our prominent men and women, and she feels that it would be an everlasting disgrace if this prohibition measure which is designed to help the war, should be defeated. "What can Janesville do to help win the war?" And she answered it by saying, "They must look to it that the assemblymen who are elected this fall are in favor of this measure."

In her argument she dealt particularly on the difficult task before America, of feeding a large army so far away. Added to that burden was the task of feeding the allies, and the impoverished countries of the war zone. "To this great mission should be given every bit of energy which this nation could muster," she said, "and with all the force at command."

She enumerated the waste caused by the liquor traffic, as being that of waste of food stuffs, of labor, of coal, of freight cars, and of manhood. In regard to the need of food stuffs, she spoke of the areas in Wisconsin which are devoted to the raising of barley, which goes into the making of beer. "This land devoted to wheat, would feed thousands of people," was her plea. She advised the utilization of the breweries, for the dehydrating of vegetables, which could be shipped abroad. This would be a practical way to take care of the many products which could not be marketed on account of the lack of car service, she suggested. She described such a plant in operation at Vauxau, where potatoes, beets and other vegetables were being dried, and shipped by tons to the army for food. While on a recent trip to Vauxau county, she noticed the dried potatoes, and remembering that thousands of bushels of potatoes were wasted in that vicinity last year for the lack of shipping facilities, she strongly emphasized the idea to the people, of

equipping the brewery with dehydrating apparatus, to take care of the surplus potatoes.

In regard to the labor problem, she said that the country was fifteen million men short of the man power required to take care of the ship yards, munition factories and other essential industries. If the breweries, saloons, pool rooms, and other places of like nature were closed, the men so engaged could be utilized in these other ways. "It takes twenty people, behind every soldier," was one of the statements made by Miss Stearns. She predicted that the coal situation would be much more difficult this winter than last, and said that the ship yards, munition factories, and other essential war industries must be kept in fuel at all costs. She mentioned the fact of the schools in Cleveland being closed last winter, for lack of fuel, and the 500 saloons of the city wide open. "It takes a pound of coal to make a pint of beer," was one of the pithy statements made by Miss Stearns.

The lack of freight cars to transport anything but coal, absolute necessities of war, was dealt upon by Miss Stearns, who said that refrigerator cars should be used to transport perishable food stuffs, and not beer. It is times like these that emphasize the conservation of the manhood of the nation whose morale was threatened by liquor and its allied vices and crimes. She spoke of the ship yard at Manitowoc, where from the 2,000 workmen employed, there was usually 600 of them absent from work, on Monday, after their Sunday home. In the constant temptation of the soldiers, by liquor, she felt was one of the weak spots of the nation. And when man power was so sorely needed, no citizen or soldier could be spared from putting forth the best effort that was in him, to help along our efforts at this time. Many other problems of the nation were touched upon by Miss Stearns in her practical talk—the labor problem, the employment of women, child labor laws, education, taxation and those of race differences were lightly defined by her. The whole was illumined with little personal experiences taken from her wide acquaintance with the country in her speaking tours. She has been in every great movement of recent years. She was in Congress when the Suffrage bill passed the house. She personally packed boxes of books collected in Wisconsin to send to the soldiers, and she has been in intimate relationship with war work of various kinds, and in this way she is well qualified to speak authoritatively on the subjects she was in charge of the Librarian Commission in Wisconsin for some years, and has been a prominent figure in the various conventions of the National Woman's party, and she has been a member of many local club women, who were very glad to hear her masterly address of last evening.

JAS. CALDWELL-IMPORTS SHORTHORN BULL FROM ENGLAND; 1½ YRS. OLD

Mr. F. H. Harding, secretary of the American Shorthorn Breeders' Association, recently purchased for Messrs. Jas. Caldwell and Son of Janesville, the imported Shorthorn bull, Brandeis by Champion, who was born April 29th, 1917, and was bred by J. M. Strickland, Yorks, England and was imported by Carpenter and Ross. He is a royally bred, being the son of a regular butterfly family. His sire, Brackin Leader, is a grandson of Scottish Fancy, a bull that was used in Mr. Duthie's herd for a long time, and one of the best sires ever owned. The sire of the dam of the Caldwell bull is Augustus Victory and as his name indicates, is of the very popular "Buck" Augustus family. Regular Broadbrook, the third sire in the pedigree is of the famous "Buck" shank Broadbrook family, one of the tribes that stands the highest in Great Britain at this time. Brandeis by Champion was second in the show and sale held at Cadiz, Ohio in June, which bespeaks his individuality. Garty Mary Lancaster is an imported heifer, sired by Garty Groosman, a bull exported from Scotland to the Argentine. The dam of the above mentioned heifer was the dam of Garty Landseer, champion bull at the Highland in 1912. She is a straight Mary Anne of Lancaster. Bonnie 3rd is a Cruickshank Victoria, sired by Ceremonious Crown, and there is a heifer out of this cow sired by imported Lord Cullen. This little group of fashionably bred Shorthorns forms the nucleus for Jas. Caldwell and Son, and is another case of Shorthorn improvement in Rock County.

FORMER JANEVILLE BOY ARRIVES SAFELY IN FRANCE

Word has been received by Mrs. Amelia Neithorpe, a former well-known resident of Janesville of the safe arrival of her son, Harry Neithorpe in France. TOBACCO WORKERS IN MILTON STRIKE

Milton Junction, Aug. 15.—The women and girls employed stemming tobacco by the Borden company at the Northwestern warehouse walked out Wednesday morning. They have been receiving 1½ cents per pound and asked for 2 cents, which Mr. Borden refused, but offered them 1½ cents commencing next Monday, which was refused. The strikers claim stemmers are receiving 2½ cents in Janesville and Edgerton and think they should receive at least 2 cents for the same work. Otto Seeger, of Milwaukee, called on friends in town Wednesday. Stewart Cullen, of Janesville, spent Tuesday with his cousin, Harold Bauer. Mrs. C. P. Rawson, of Chicago, is the guest of her sister, Mrs. Willis Cole. Miss Violet Livingston, of Rockford, spent Wednesday with Miss Florence Wileman. Miss Mary Macfay is here from Chicago for a few days' visit with Miss Gertrude Stone. Mr. and Mrs. Robinson and family, of Milwaukee, are spending a few days with their aunt, Mrs. C. C. Wagner. Archie Strigel will leave this morning to enter a mechanic's training at Peoria, Ill. Miss Perkins is here from Minneapolis for a visit with Mrs. Lizzie Kelly. Miss Mabel McGowan was a guest of Mrs. Jas. Hevey in Janesville. Mrs. Low of Des Moines, Iowa, is the guest of Miss Angie Longworthy. Mrs. Paul Greenman is in Ft. Atkinson for a few days' visit with her aunt, Mrs. Claire Pryce was hostess to a number of ladies Wednesday afternoon in honor of Mrs. Lowe, of Des Moines, Iowa. A large number of our towns people were in Janesville Wednesday to attend the fair and report a fine time.
